Dear Friend,

May 2023

Palos Verdes Library District invites you to participate in the kick-off event commemorating *Doors Open Peninsula* (DOP), the 100 year celebration of the Palos Verdes Peninsula. *Your Story is the Peninsula's Story* is a project of the Library's Local History Center and is designed to preserve the unique history of the Peninsula through public scanning events in which photos and texts brought in by the community are digitized.

You are encouraged to share photos representing your life or your family's life on the Peninsula, whether very recently or from long ago. Project staff will scan up to five photos on the spot, so you don't have to part with your originals. Digital photos can also be uploaded from a USB key. All scanned material becomes part of PVLD's digital archives and available at [www.palosverdeshistory.org](http://www.palosverdeshistory.org).

Registration is not required and you are welcome to drop in during the event. The history of the Palos Verdes Peninsula is much more than the stories of famous people. It is the collective story of its citizenry – whether you've lived here all your life or have just moved into the area.

All contributions to this project are greatly valued, and we hope you will take this opportunity to add the images and stories of your family to our local history. It is our community members—long time residents and newcomers alike—who create the Peninsula's history.

How will the next 100 years of the Peninsula be remembered?

We hope to see you at the event!

Sincerely,

Monique Sugimoto  
Archivist and Local History Librarian
